

Currently Taking Prescription Medications?

Tips to Help You Transition From Your Current Health Plan's Pharmacy Benefits to CoOpportunity Health's Pharmacy Benefits

Once you've enrolled in a CoOpportunity Health plan, you can take some simple steps to make the transition from your former health plan's pharmacy coverage to CoOpportunity Health's pharmacy coverage a little easier.

Step 1 | Review the Drug List

The CoOpportunity Health Drug List shows you if the drug is a Tier 1 preferred generic drug, a Tier 2 preferred brand-name drug, or a Tier 3 non-preferred generic or brand-name drug and if the drug requires prior authorization or step therapy. Compare the medications you are currently taking to those on the CoOpportunity Health Drug List.

coOpportunityhealth.com/DrugList

Step 2 | If You Have Completed Prior Authorization/Step Therapy for a Medication in the Past...

If your medication is on the drug list but requires prior authorization or step therapy (indicated on the drug list by the symbol  or ) and your doctor has completed these authorization(s) with a prior health plan, have your doctor call the Pharmacy Helpline at **1.800.492.7259**.

Step 3 | Need a Prior Authorization/Step Therapy Approval?

If your medication is on the drug list and requires a Prior Authorization or Step Therapy (indicated on the drug list by the symbol  or ) and your doctor has not previously obtained these authorization(s) for your drug, have your doctor complete this form and fax it to the number at the top of the **form**. To avoid any delays in getting your prescribed medications, complete this step as soon as possible as the authorization process can take up to 14 days.

Step 4 | Want To Lower Your Out-of-Pocket Costs?

If your medication is a preferred brand-name drug (Tier 2 copay) or a non-preferred brand name or non-preferred generic drug (Tier 3 copay) and you would like to consider changing to a generic drug (Tier 1, lowest copay), talk with your doctor about making the change.

Specialty Drugs

If you take a medication on the Specialty Drug list

Step 1 | If your specialty medication is on the drug list and requires a prior authorization or step therapy (indicated on the drug list by the symbol  or )

), have your doctor complete this form and fax it to the number at the top of the **form**. If the timing of this authorization is urgent (i.e. you will not receive your specialty drug according to the prescribed schedule if the usual 14 day authorization process is followed), your doctor can indicate on the form that the authorization is urgent, or call the Pharmacy Helpline at **1.800.492.7259**.

NEED HELP WITH YOUR MEDICATION TRANSITION?

Call Member Services at **1.888.324.2064** and ask to speak with a Pharmacy Navigator. Pharmacy Navigators help members who have complex pharmacy questions.
